

New Carrier Validation Process

ORDER NUMBER

CDL

DOT NUMBER

During the Check-In Process all drivers will be required to present the **Order Number, CDL, and DOT Number** to the designated CFI Operator.

The Operator will then verify that all required certifications are in order. If certifications are in order the Operator will conduct a visual verification of the required documents and clear the truck for loading.

If certifications are not in order the Operator will alert the driver to have his/her dispatcher contact CF Industries using the contact information provided below.
